

This Acknowledgment is signed by the sponsoring broker of a Texas real estate sales agent who has enrolled as a Partner Realtor with Equity Guardians, LLC ("Equity Guardians"). It confirms the broker's awareness of, and consent to, the funding of the Equity Guardians per-closing fee from commission at closing. The broker does not become a party to the Partner Realtor Services Agreement and takes on no payment obligation beyond authorizing disbursement as described below.

2 Background

2.1 The sponsored agent identified above (the "Partner Realtor") has enrolled in the Equity Guardians Partner Program under a separate Partner Realtor Services Agreement between the Partner Realtor and Equity Guardians. Under that program, Equity Guardians provides equity-protection services to the Partner Realtor's homebuyers (each a "Member") at no cost to the Member.

2.2 Equity Guardians is compensated by a flat, per-closing fee that is funded from the real estate commission earned on the Partner Realtor's applicable closings and reflected on the settlement statement (Closing Disclosure or ALTA statement). No fee is charged to any Member.

2.3 Under Texas law, a real estate commission is payable to the sponsoring broker, and a sponsored sales agent may be compensated for a transaction only through their sponsoring broker (Tex. Occ. Code Sec. 1101.651). For that reason, Equity Guardians requests the sponsoring broker's acknowledgment and consent to fund its per-closing fee from commission at closing.

3 Acknowledgment and Consent

The undersigned sponsoring broker (the "Broker") acknowledges and agrees as follows:

3.1 Awareness and consent.

The Broker is aware of the arrangement between Equity Guardians and the Partner Realtor and consents to it.

3.2 Authorization to disburse.

The Broker authorizes the settlement or title agent to disburse the Equity Guardians per-closing fee from the commission payable at closing, as shown on the settlement statement, for each closing in which the Partner Realtor enrolls a Member. This authorization applies on a continuing basis to all such closings while it remains in effect.

3.3 Consistent with brokerage supervision.

The Broker confirms that this arrangement is consistent with the Broker's policies and supervisory responsibilities, and that the Broker remains responsible for the handling of commission in accordance with Texas law.

3.4 No added obligation or liability.

The Broker assumes no payment obligation to Equity Guardians beyond authorizing disbursement from commission actually received at a closing. If no commission is paid on a transaction, no per-closing fee is owed. The Broker undertakes no duties under the Equity Guardians program.

3.5 Payment for services, not a referral.

The parties intend the per-closing fee as compensation for services actually performed for the Partner Realtor, and not as a fee for the referral of settlement-service business.

3.6 Member freedom of choice.

Nothing in this Acknowledgment binds any homebuyer or Member to the Partner Realtor or the Broker. Every Member keeps the right to work with any real estate professional they choose.

3.7 Revocation.

The Broker may revoke this Acknowledgment on a going-forward basis by written notice to Equity Guardians. Revocation does not affect any closing already completed or any Member already enrolled, whose coverage continues for the life of that Member's deed of trust.

3.8 Scope and sponsoring broker changes.

This Acknowledgment applies while the Partner Realtor is sponsored by the Broker. If the Partner Realtor changes sponsoring broker, a new Acknowledgment from the new sponsoring broker is required.
